

## **Rules of Common Sense, Conduct and Safety**

- 1 - All sailors must have turned in a properly completed medical treatment and emergency information form prior to the start of any session.
- 2 - All sailors will be required to pass a swim test and capsize drill. Capsize drills will be taught the first day of each LTS1 session. Bring a towel and a change of cloths.
- 3 - Each lesson will begin promptly at its scheduled time.
- 4 - Sailors are assigned a boat each lesson which must be properly returned to its storage location at the end of the lesson. Sailing is team work and all sailors assist each other in returning boats to the boat rack. All broken equipment must be reported to an instructor.
- 5 - Each sailor must take proper care of all equipment assigned to them. A sailor may be held responsible for damage caused if they are behaving improperly.
- 6 - A personal flotation device must be worn when a sailor is on a dock or in a boat. PFD's will be supplied by the sailor and the sailor's name should appear on the PFD.
- 7 - Sailors must wear closed toe footwear at all times.
- 8 - Sailors may not run or play on the docks, boats or boat storage rack.
- 9 - While on the water, all sailors must stay with their instructor.
- 10 - Parents of all sailors must pick up their children promptly upon the conclusion of each lesson. Our instructors are not paid overtime and parents may be charged extra if they are late.
- 11 - Sailors must have permission from an instructor before using any sailing club facility. The instructor must know where the sailor is at all times.
- 12 - Good behavior, manners and sportsmanship are important. Sailors who are disruptive or uncooperative may be suspended from lesson or from the entire program.
- 13 - Parents are requested not to be in the instruction area during a lesson. We will arrange special times for the sailors to demonstrate their skills to the parents.
- 14 - Participants who are not CLYC members shall use the CLYC facilities only while attending a class. CLYC is a private club that has allowed the use of its facilities for the purpose of sailing instruction.
