Re: Crystal Lake Yacht Club's *"Wood-Pussy Fleet, 2009 Fleet Captain Report"*

Dear Denis,

While our written summary is a tad late this year, Crystal Lake Yacht Club (CLYC) is pleased to provide you with our Wood-Pussy Fleet's 2009 United States WoodPussy Class Association (USWPCA) *Fleet Captain Report*, as required under *Article 11 - Annual Report* of the *USWPCA's BY-Laws*. CLYC wishes to share with USWPCA Membership its 2008 sailing results and some 2009 Fleet activities which will start in June.

At present, we have 21 restored Wood-Pussy hulls and 2 new hulls of which about 7 to 12 were weekly sailed during our Club's 2008 Summer Sailing Season. Of our total 23 hulls, one fiberglass and one wooden hull are currently being restored as we write this Report. To learn more about CLYC, we welcome all USWPCA Membership to wander through our electronic site:
